

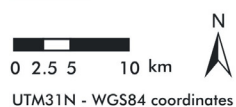

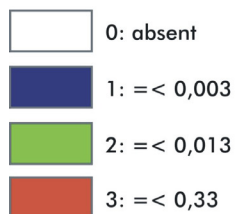

Map I.3.4b. Fisheries (fishing): spatial distribution and use intensity

Use intensity of commercial fisheries
(only vessels that are fishing)
(relative number of observed shipping vessels/year/km²)

Original data source: Institute for Nature Conservation
Data analysis: ECOLAS NV
Map preparation: RCMG - Ghent University

Data cover observed commercial fishery activities from 30 September 1992 - 25 July 2003

May 2005
