There is a typographical error in Figure 2 of this Article. “Marginal means” should read “Settlement (marginal means)”. The correct Figure 2 appears below as Figure 1.

In addition reference 11 should read:

Abdul Wahab, M. A., de Nys, R. & Whalan, S. Larval behaviour and settlement cues of a brooding coral reef sponge. *Coral Reefs* 30, 451–460, doi:10.1007/s00338-011-0727-5 (2011).
