

SCOTTISH HOME DEPARTMENT

Scottish Sea Fisheries Statistical Tables for 1949

FISHERIES STATISTICS,
MINISTRY OF AGRICULTURE and FISHERIES

LONDON, S.W. 1.

EDINBURGH: HIS MAJESTY'S STATIONERY OFFICE

1951

THREE SHILLINGS NET

SCOTTISH HOME DEPARTMENT,

EDINBURGH, 1.

May, 1951.

TO THE RIGHT HONOURABLE HECTOR McNEIL, M.P.,

His Majesty's Secretary of State for Scotland.

Sir,

I have the honour to submit the Statistical Tables relating to the sea fisheries of Scotland for the year 1949. A narrative report on the fisheries has already been published.

The Scottish fishing fleet in 1949 comprised 1,069 sail vessels, 3,853 motor vessels, 212 steam drifters, 28 steam liners as distinct from drifters, and 232 steam trawlers, or a total of 5,394 vessels, valued with their gear at £8,569,300 as against 5,297 vessels and £8,874,400 in 1948. The number of Scottish fishermen was 17,066 (of whom 3,505 were crofter fishermen and 1,513 were partially employed in fishing) as against 17,228 (including 3,733 crofter fishermen and 1,415 partially employed) in the preceding year. Shore workers and persons engaged in transport brought the total number employed in the Scottish fisheries to 45,679, as against 46,032 in 1948.

The total quantity of fish landed in Scotland by British fishing vessels during the year was 5,859,000 cwts., valued at £10,308,000 besides shell-fish valued at £371,000, as against 6,407,000 cwts., £11,608,000 and £430,000 respectively in 1948. In addition 357,000 cwts. valued at £784,000 were landed by foreign fishing vessels, mostly Faroese trawlers and seiners and Icelandic trawlers, as against 529,000 cwts. and £1,266,000 in the preceding year, making a grand total of 6,216,000 cwts. valued with shell-fish at £11,464,000 as compared with 6,936,000 cwts. and £13,304,000 in 1948. Herring figured prominently in the landings by British vessels contributing 2,590,127 cwts. valued at £2,588,734 against 2,913,163 cwts. and £3,078,792 in the previous year; and landings by British vessels of demersal fish amounted to 3,160,000 cwts. valued at £7,639,000 in 1949 as compared with 3,357,000 cwts. valued at £8,358,000 in 1948.

The total quantity of herring cured, kippered, etc., amounted to 493,280 barrels (of which 288,084 were kippered and 145,432 were pickled gutted), valued after cure at £3,978,347 against a total of 641,693 barrels valued at £4,857,190 in 1948. Of other kinds of fish the quantity cured, chiefly by smoking or drying, amounted after cure to 325,652 cwts., valued at £2,131,822 as against 461,515 cwts. and £2,945,057 in 1948.

The exports of fish from Scotland included 141,568½ barrels of herring gutted and pickled, 6,250 barrels of ungutted herring and 36,347 crans of herring sprinkled with salt or iced, as against 171,547½ barrels, 40,908 barrels, and 94,871 crans respectively in 1948. Exports also included 6,225 cwts. of dried or smoked white fish of various kinds, as against 1,459 cwts.

I have the honour to be,

Sir,

Your obedient Servant,

C. C. CUNNINGHAM,

Secretary.
