RENSEIGNEMENTS GÉNÉRAUX.

RAPPORT

AU MINISTRE DE LA MARINE MARCHANDE.

J'ai l'honneur de soumettre à Monsieur le Ministre de la Marine Marchande la statistique des pêches maritimes, de la mytiliculture et de l'ostréiculture pour l'année 1930 et de lui exposer succinctement les résultats de la pêche au cours de la même année.

I. — MATÉRIEL.

En 1929, le nombre des navires de pêche armés était de 24.690 unités représentant 287.331 tonneaux, il est en 1930 de 25.056 pour un tonnage total de 292.899.

On peut donc constater une augmentation du nombre des bateaux et du tonnage total.

Le nombre des voiliers continue à diminuer: 16.615 en 1930 pour un tonnage de 111.858 tonneaux contre 17.720 navires représentant 126.580 tonneaux en 1929.

N° 6006 de la Nomenclature des documents. Année 1930.

Par contre, les navires à moteur passent de 6.396 (40.458 tonnes) à 7.869 (54.093 tonnes). Quant aux navires à vapeur leur nombre est de 574 (120.293 tonnes) en 1929 contre 572 (126.948 tonnes) en 1930.

Le tableau ci-dessous donne le nombre et le tonnage des bateaux de pêche armés de 1914 à 1930 :

II. — PERSONNEL.

Le nombre total des pêcheurs pratiquant la pêche en bateau s'est élevé en 1930 à 82.671 alors qu'il était de 83.275 en 1929. Celui des pêcheurs à pied est de 57.868 en 1930 contre 47.722 en 1929.

Cette situation tient particulièrement à ce que le recrutement des mousses devient de plus en plus difficile, le nombre des inscrits provisoires diminue également du fait de la diminution des naissances pendant les années de guerre.

III. — PRODUCTION.

La valeur globale des produits de la pêche en bateau est de 1.189.000.000 francs contre 1.173.000.000 francs en 1929.

La production de la pêche en bateau s'élève à 289.000.000 kilos contre 287.000.000 kilos en 1929.

Cette augmentation est due à un rendement supérieur en 1930 de la pêche fraîche (239.500.000 kilos contre 231.980.000 en 1929); par contre les résultats de la grande pêche ont été très nettement inférieurs à ceux de 1929 (49.650.000 kilos contre 55.820.000).

J'ai l'honneur de proposer au Ministre de faire tirer à 350 exemplaires la présente statistique qui sera répartie entre les administrateurs de l'inscription maritime et les personnalités et groupements qu'elle est susceptible d'intéresser; 50 exemplaires seraient, en outre, réservés pour la vente.

La dépense d'impression sera imputée sur les fonds du chapitre 4, article 10, exercice courant.

Le Directeur des Pêches maritimes et du Personnel.

Signé : LECOURBE.

APPROUVÉ :

Paris, le 20 novembre 1931.
