

Ten Pegaso CASEs

Ten PEGASO pilot sites (CASEs) contribute to:
 (1) identification of main common threats for coastal zones, (2) testing and validation of tools developed for coastal management, (3) integrated regional assessment and an outlook for the Mediterranean and Black Sea basins, (4) formulation of options for response policies and new governance models.

People for Ecosystem based Governance in Assessing Sustainable development of Ocean and coast: pegasoproject.eu

An Integrated Coastal Zone Management (ICZM) Project for the Mediterranean and Black Seas
