

Vacancies @ VLIZ

Mertens Tina and Mees Jan

Flanders Marine Institute (VLIZ), InnovOcean site, Wandelaarkaai 7, 8400 Ostend, Belgium
E-mail: tina.mertens@vliz.be

The Flanders Marine Institute (VLIZ) promotes accumulation of marine knowledge and excellence in marine research in Flanders. The marine research areas are the ocean and seas, the coast and the tidal systems. The target groups for knowledge accumulation are the marine research community as well as educational institutions, the general public, policymakers and the industry (within the scope of the blue economy).

At regular intervals, Flanders Marine Institute (VLIZ) announces **new vacancies** so as to contribute to the support of coastal and marine scientific research in the **dynamic setting** of VLIZ. Check the available jobs at www.vliz.be/en/jobs. Or stay tuned by signing up for **VLIZINE**, the e-zine containing practical information on research and policy collected for and by Flemish marine scientists or keep an eye on the **VLIZ Facebook page**. Keep in mind that you can always submit your curriculum vitae via an open application to jobs@vliz.be.

In addition, **students** can work in a stimulating setting of coastal and marine sciences.

- VLIZ recruits several **student employees** each year, both for the summer months of July, August or September, and for other holidays and for days during the academic year. Student employees get the opportunity to take part in the regular VLIZ working. For more details check www.vliz.be/en/student-opportunities. Interested students who want to work during the summer months can forward their curriculum vitae before 16 April 2018 to jobs@vliz.be, together with a letter of motivation and any preference for period, activity to be carried out or division to work for. For other periods one can freely apply.
- VLIZ gladly gives guidance to students who want to write a **thesis** at VLIZ. A broad range of subjects are offered for a Bachelor and/or Master thesis. See www.vliz.be/en/student-opportunities for the list of topics.

VLIZ offers students following a training course or bachelor/master programme the possibility to perform an **internship**. The subjects can be consulted on www.vliz.be/en/student-opportunities.

Are you interested in one of the above activities? Would you like to make a specific proposal or receive more information? Then do not hesitate to contact jobs@vliz.be or come and meet us at the VLIZ booth of 'Meet the Company'.
