Abstract. The genus name *Brachyhorstia* Ceccolini et Cianferoni, **nom. nov.**, is proposed to replace the genus name of the hemichordate *Horstia* Deland, Cameron, Rao, Ritter et Bullock, 2010, preoccupied by the mite genus *Horstia* Oudemans, 1905. The following new combination is also established: *Brachyhorstia kincaidi* (Deland, Cameron, Rao, Ritter et Bullock, 2010), **comb. nov.**

Резюме. *Brachyhorstia* Ceccolini et Cianferoni, **nom. nov.**, предложено как новое замещающее название для рода полухордовых *Horstia* Deland, Cameron, Rao, Ritter et Bullock, 2010, название которого использовано для рода клещей *Horstia* Oudemans, 1905. Также установлено следующее новое сочетание: *Brachyhorstia kincaidi* (Deland, Cameron, Rao, Ritter et Bullock, 2010), **comb. nov.**

Key words: Enteropneusta, Harrimaniidae, Astigmata, Acaridae, nomen novum, new replacement name, new combination

Ключевые слова: Enteropneusta, Harrimaniidae, Astigmata, Acaridae, новое замещающее название, новая комбинация

Zoobank Article LSID: urn:lsid:zoobank.org:pub:785AB962-9334-4BBA-B963-CFA95A0260EE

Deland et al. (2010: 7) recently named the new genus *Horstia* to host the new hemichordate species *H. kincaidi* Deland, Cameron, Rao, Ritter et Bullock, 2010, included in the acorn worm family Harrimaniidae. The name is considered valid (IRMNG, 2021; WoRMS, 2021).

However, about one century earlier, Oudemans (1905: 21) used the same name (*Horstia*) for a new mite genus with *Trichotarsus ornatus* Oudemans, 1900 as a type species. This name is still valid within the mite family Acaridae, in the order Astigmata (Fain, 1984; IRMNG, 2021).

*Corresponding author

Horstia Deland et al. is therefore a junior homonym of *Horstia* Oudemans and, lacking an available synonym, according to ICZN (1999, Art. 60.1, 60.3), it must be replaced by a new name that we propose herein. We informed the authors of the junior homonym about the homonymy, via the corresponding author of their article. However, a definite intention not to propose a new replacement name was expressed.

Phylum **Hemichordata**

Class **Enteropneusta**

Family **Harrimaniidae**

Genus ***Brachyhorstia*** Ceccolini et Cianferoni, **nom. nov.**

Horstia Deland, Cameron, Rao, Ritter & Bullock, 2010: 7, junior homonym of *Horstia* Oudemans, 1905: 21 (Arachnida: Astigmata: Acaridae).

Type species: *Horstia kincaidi* Deland, Cameron, Rao, Ritter et Bullock, 2010: 21.

Etymology. The new name follows the original dedication by Deland et al. (2010) to C.J. van der Horst, adding the prefix *brachy-* (from the Ancient Greek βραχύς, short) in reference to a very short proboscis. Gender is feminine.

Brachyhorstia kincaidi (Deland, Cameron, Rao, Ritter et Bullock, 2010), **comb. nov.**

Horstia kincaidi Deland, Cameron, Rao, Ritter & Bullock, 2010: 21.
