# Sustainable development of Inshore Fishing in Europe: the way forward

29<sup>th</sup> January 2013 at AGRO CAMPUS OUEST,  
Rennes, France

<http://www.gifsproject.eu>

As part of the INTERREG IVA 2 Seas project GIFS (Geography of Inshore Fishing and Sustainability), which is exploring the socio-economic and cultural values of inshore fishing, a public meeting and workshop will be hosted by the project partners, entitled:

## "Sustainable development of Inshore Fishing in Europe: the way forward"

On 29<sup>th</sup> January 2013 at AGROCAMPUS OUEST, Rennes, France

The objective of this event is to present the GIFS project and the work of each partner, and to discuss the major themes of the project during workshops. This meeting provides an opportunity for exchange between the different actors in the fisheries sector and beyond: professional, administrative, policy makers, local planners and scientists.
