

CALL FOR PROPOSALS

BRILLIANT MARINE RESEARCH IDEA GRANTS 2026

OFFERED BY VLIZ PHILANTHROPY The Sea as a Good Cause

Call open to **junior postdoctoral researchers**

affiliated with a Flemish university or university college

Summary

Budget 2026	5.000 EUR funded by VLIZ philanthropy. Maximum fund per grant: 5.000 EUR
Implementation period	The proposed idea has to be executed within one year after the grant is awarded. Start date: 1 March 2026. End date: 28 February 2027.
Eligibility	Junior postdoctoral researchers affiliated to a Flemish university or Flemish university college with, at the time of application, less than 3 years of research experience at postdoc level (i.e. since obtaining the doctoral degree). Applicants can only benefit once from this BMRI grant for junior postdoctoral researchers.
Launch of the call	24 October 2025
Submission deadline	No later than 19 January 2026
Selection	The selection will be made before 28 February 2026, by the VLIZ Scientific Committee.
Topics	Marine research ideas contributing to solving a research question linked to a.o. the themes identified in the philanthropy research agenda: climate change, ocean and human health, complemented by explorations, marine observations and technological innovations.
Required documents	<ul style="list-style-type: none">- application form (download form here)- cv of the postdoctoral researcher- letter of consent of the supervisor affiliated to the postdoctoral researcher 's university or university college (free format)- optional: copy of your postdoc proposal

VLIZ philanthropy, named *The Sea as a Good Cause*, is a program set up by the Flanders Marine Institute vzw (VLIZ) in order to raise additional funds to support scientists, engineers and students to come up with creative solutions for current problems, to develop innovative techniques and to support sustainable use of our seas and ocean. Any form of support means a step forward for our scientific knowledge.

With this grant for a 'Brilliant Marine Research Idea', we hope to inspire and enable **junior postdoctoral researchers of Flemish universities or Flemish university colleges** to explore and pan out a brilliant idea, an out of the box idea, an on the top research topic, but always framed within their ongoing marine research.

For more information regarding VLIZ philanthropy, check vliz.be/sea-good-cause and vliz.be/brilliant-marine-research-idea-grant

What is a grant for a ‘Brilliant Marine Research Idea’?

Grants for a ‘Brilliant Marine Research Idea’ are intended to inspire and enable a junior postdoctoral researcher affiliated to a Flemish University or Flemish University College to execute a brilliant idea within the frame of his/her research. It should concern an out of the box idea, an additional research topic that was initially not foreseen in the postdoctoral research, but that would add an extra value to the ongoing research.

The fund of maximum 5.000 EUR can be used to assist the junior postdoctoral researcher in lab and/or fieldwork, data acquisition and analysis, visits to other institutes to use specialized facilities, acquisition of equipment or software needed for a certain analysis and so on. The fund cannot be used to reimburse the use of existing lab infrastructure within his/her research group/department, for personnel costs, to pay for travel costs that amount to more than 50% of the grant or to attend conferences.

Who funds the ‘Brilliant Marine Research Idea’ grants?

The Brilliant Marine Research Idea grants are funded by **VLIZ** philanthropy **The Sea as a Good Cause**.

VLIZ - [Flanders Marine Institute](#) - has become, over the last 25 years, a knowledge institution indispensable to the marine research landscape. What started as an institute focusing on science support, has evolved into a national and international point of contact for marine research. VLIZ initiates and carries out multidisciplinary research and supports marine experts by providing research infrastructure, data, information and knowledge. VLIZ supports the blue economy and reaches out to a broad public. VLIZ further broadens its marine horizons and aims at becoming a world player in the field of marine and coastal research.

VLIZ is, alongside its core activities, recognized as a charitable organization and therefore developed a financial separate philanthropy program named [The Sea as a Good Cause](#). Through this program, VLIZ is able to raise additional funds through membership fees, donations, sponsorships, bequests, etc. to provide financial support to promote marine research worldwide.

Budget and implementation period

The overall budget available for the postdoc BMRI grant is 5.000 EUR from VLIZ philanthropy The Sea as a Good Cause. The grant will be awarded to the successful applicant personally and the terms and conditions (including a short contract) of the award will be discussed and negotiated prior to the implementation of the idea.

The proposed idea has to be executed within one year. The selection of the ideas will take place before 28 February 2026. The successful applicants can start their activities from 1 March 2026 and complete them by 28 February 2027.

Eligibility and selection criteria

Eligibility of applicant

- Junior postdoctoral researcher with, at the time of application, less than 3 years of research experience at postdoc level (i.e. after obtaining the doctoral degree)
- Affiliated to Flemish university or Flemish university college
- Consent of the university (college) supervisor

Eligibility of budget and implementation period

- Maximum request for 5.000 EUR
- Maximum duration of 1 year
- Implementation between 1 March 2026 and 28 February 2027

Eligibility of activities and related costs

The grant (budget allocated by VLIZ) includes all possible university/institute 'overhead' or other costs, i.e. no additional will be accepted:

- No personnel costs
- No reimbursement of the use of existing lab infrastructure within your research group or department
- Travel costs cannot amount to more than 50% of the grant
- The research topic should concern an out of the box idea, an additional research topic that was initially not foreseen in the postdoctoral research, but that would add an extra value to the ongoing research

Eligibility of research domain for the VLIZ philanthropy BMRI grant

The Sea as a Good Cause seeks to fund a marine research idea that contributes to solving a hypothesis-based marine research question. Topics of interest are, amongst others and not limited to, the themes identified in the philanthropy research agenda:

- Climate change (the interaction between ocean, climate and biodiversity)
- Ocean health and the relationship of the ocean with human health
- Ocean explorations
- Marine observations
- Technological innovations

Eligibility of submission modalities

Timely and complete submission. **Submission deadline:** No later than 19 January 2026.

Selection procedure

After the deadline has passed, the scientific board of VLIZ will evaluate the submitted applications and make a final selection. The jury has the right to withhold the grants, if it decides that none of the proposed proposals can be taken into consideration.

All applicants will be personally informed about the success of their proposal.

The grant is awarded during the VLIZ Marine Science Day on 4 March 2026. The successful applicant will be invited to present his/her work at the VLIZ Marine Science Day 2027.

How to apply?

Candidates can apply for the grant by sending **following documents** to filantropie@vliz.be:

- application form ([download here](#))
- cv of the junior postdoctoral researcher
- letter of consent of the supervisor affiliated to the postdoctoral researcher's university or university college (free format)
- optional: a copy of your postdoc proposal, to proof the add-on value of your BMRI proposal

Subject of the e-mail: Proposal for a 'Brilliant Marine Research Idea' 2026 (junior postdoc)
